### 1.StatementofHousingNeeds

[24CFRPart903.79(a)]

Inanefforttostreamlineseveralprograms,the U.S. Department of Housing and Urban Development now requires all jurisdictions that receive federal Community Development Block Grant (CDBG) Funds, federal HOME Program funds, Emergency Shelter Grants (ESG) and grants for Housing Opportunities for People with AIDS (HOPWA) to submit a Consolidated Plan for Housing and Community Development Programs.

The Townof Chapel Hillreceives federal CSBG funding each year and the Orange County HOME Consortium receives HOME funding each year. Since the Townof Chapel Hillisamember of the Orange County HOME Consortium, the County is permitted to submit one planth at details the housing needs and activities of the entire County including Chapel Hill.

The Consolidated Plannot only serves as an application for each of the four programs, but also seeks to further the statutory goals of these programs through a collabo and the second process where by a community establishes a unified vision of housing and community development actions to address identified housing needs.

TheOrangeCountyHOMEConsortiumsubmittedthe2000 -2005ConsolidatedPlantoHUDonMay 15,2000thatwasap provedinJuly2000.Eachyear,theConsortiumisrequiredtosubmitanannual updatetothe2000 -2005ConsolidatedPlantotheDepartmentofHousingandUrbanDevelopment.

TheOrangeCountyBoardofCommissionersalso heldapublichearingregardinghousingneedstheuseoftheHOMEfunds.Afterthepublichearing process,adraftAnnualUpdatedocumentwasavailableforcitizenreviewandcomment.TheUpdate wasapprovedb yeachjurisdictionoftheHOMEConsortium.

The HOME Consortium identified the following seven housing priorities for 2001 -2002:1)
Rehabilitation assistance for very low and low -income homeowners and renters; 2) Reduce the number of housing units without indoor plumbing; 3) Assistance to house holds at less than 80% of median family income to connect with public water and sewer systems; 4) Facilitate the construction of new or substantially rehabilitated housing units that are affordable to families below 6 0% of the areamedian income; 5) Facilitate the construction of up to 50 new units of rental housing affordable to very low and low -income families; 6) Create transitional housing units for shelter residents who can live independently; and, 7) Assist local non-profit human service agencies to provide a

 $continuum of housing options for special populations, including older adults, the disabled, the \it mentally ill, and persons with AIDS.$

### A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Base dupon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provid ethe estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/At oin dicate that no information is available upon which the PHA can make this assessment.

InordertocomplywiththeDeconcentrationPlanrelatedtopover tylevelsandincome -mixing requirementsoftheQualityHousingandWorkResponsibilityActof1998,theChapelHillHousing Departmentintentistomaintainatenantbodyineachneighborhoodcomposedoffamilieswitha broadrangeofincomesandrent -payingability.TheDepartmentplanstoaccomplishthisby developingandemployingadmissionspreferencesforworkingfamiliesandimplementingsite -based incentivestoprospectivetenants.TheDepartmentwillcontinuealsotoprovidesupportiveservices withfocusonself -sufficiencyforitsresidentsthroughtheACHIEVE!program.

The Chapel Hill Department of Housing also will focus on the rehabilitation and modernization of its public housing units. By increasing the marketability of these units, we can lower the vacan cyrate and help raise the Public Housing Assessment System (PHAS) score.

SatisfactionSurvey.Thetwo areastobeaddressedareCommunication,SafetyandNeighborhood Appearance.TheDepartmentcontinuestoworkcloselywiththePoliceDepartment,theResident's
Council, and other local agencies to address residents' concerns.
First, we will address Commu nication. According to HUD's Customer Satisfaction Survey, areas
needingimprovementare:wheremanagementprovidesinformationaboutmaintenanceandrepair,

responsive to resident questions and concerns and supportive of Resident/Tenant Organization. The following steps will be taken to address these areas:

• Maintenanceandrepair: Managementwill continue to provide informational notices to all residents who are affected by major maintenance problems and repairs (e.g. waters hut and to hold informat ional meetings with residents concerning modernization activities.

-*off*),

- Responding to resident questions and concerns: Greater effort will be taken to ensure that management responds to resident questions and concerns.
- Supportive of Resident/Tenant Organization: Greater effort will be taken to ensure that continuous support of the resident organization is provided.

Second, wewilladdress Safety: According to the HUDC us tomer Survey, areas needing improvement are: inadequate lighting, safety inhome/buildingsa ndgeneral awareness of crime prevention programs:

- Inadequatelighting: CommunityPoliceOfficerswillsurveyneighborhoodsatnightto determineareaswhereadditionallightingisneededandlightingwillbeinstalled.
- Safetyinhome/buildings: Greatere ffortwillbetakentoensurethatresidentsfeelsafeintheir home/buildings.
- Unevenenforcementofrules: Greatereffortwillbetakentoensurethattherulesinthelease are evenly applied and uniformly enforced.
- Awareness of prevention programs: Gr eater effort will be given to promoting existing and upcoming programs and activities, collaborating with the Community Policing Program, and publishing an ewsletter in order to increase residents' knowledge of these resources.

Third, we will address Neig hborhood Appearance: According to the HUDC us to mer Satisfaction Survey, are as needing improvementare exterior of buildings including parking, common, and recreation areas, noise, rodents and in sects.

- Exteriororbuildingareas: Public Works Departmentwi llcontinuetoins pectand clean the parking and common areas daily, including removing sediment from curbs and implementing quarterly sweeping (with a streets weeper) and washings (with a street washer), and continue weekly large item trashpick ups
- RecreationAreas: Public Works Department will continue to inspectand clean the areas daily including eliminating graffiti within 24 hours of notification and conducting play grounds a fety inspections by a certified Play Ground Specialist.
- Noise: Greater effor twill be taken to ensure that rules pertaining to noise in the lease are evenly applied and uniformly enforced.
- Rodentsandinsects: Wewillcontinuetoprovidemonthlyrodentandpestcontrolservicesto all publichousing apartments.

The funding source for the above efforts is built in both the Department of Housing and Public Works budgets. These steps will be supported by a continual effort in addressing a solution in these reported problem areas. By working with the Resident Council and residents, the Housing Department along with its fellow agencies will continue to foster better communication lines in order to address specific concerns.

The goal of the Preventive Maintenance and Safety Program is to ensure that all a partments are in spected on a regular basis and that emergency or safe tyre pairs are made immediately and that non emergency/safety repairs be made on timely basis. Since July 2001, a regular, quarterly in spection schedule has been implemented and 1,344 safety/preventive maintenance repairs have been completed.

The Family S elf-Sufficiency program (notam and at edprogram) continues to strive towards assisting participants in their efforts to greater economic independence. Participants and agency partners continue to meet on a monthly basis. Currently, there are eight (6) part icipants and overten participating agency partners.

The Deconcentration Planhas been implemented. In order to maintain attenant body in each neighborhood composed of families with a broad range of incomes and rent - paying ability, admissions preferences for working families and site - based in centives to prospective tenants have been developed and implemented.

### <u>Definitionof "Substantial Deviation" and "Significant Amendmentor Modification"</u>

A"substantialdeviation"tothe5 -YearPlanwillbedefinedasonethatchangesthemissionor goalsandobjectivesofthePlaninregardtoservicesprovidedtoresidents oranysignificant changestothedepartment'sfinancialsituation. Any such changes will bedocumented in subsequent annual plans. An exception to this definition will be any change implemented to accommodate changes required by HUD (e.g. regulatory required by HUD) and the remaining subsequents.

Inaddition, "significantamendmentsormodifications" to the Annual Planwill include but not limited to: 1) Changestorentor admissions policies or organization of waiting list; 2) Changes to the Capital Fund Annual Statement or in the allocation of capital funds; and, 3) Additions of new activities not included in the current DEPPlan.

Generally, "substantial deviation" and "significant amendments or modifications" to the 5 Planareones that are of the nature that require review, input, and approval by either residents and/or the Town Council before such changes are adopted.

#### I. PlanOverview

The Department of Housing has undertaken an analysis of household income by development and cross - reference ditwith comparable censustract data for our service territory. The Department will keep this database current to ensure its use as an effective management to olforten ant admissions. The Department thus will have the information needed to manage its waiting lists oast of a cilitate the goal to achieve a balance of income levels and rent - paying a bility as closely comparable to the general population as possible.

#### II. AnalysisofPublicHousingDevelopmentsbyHouseholdIncome

Wehaveconductedananalysisofeachofdevelopmenttodeterminethecurrentmix ofincomesandrent -payingabilities. This analysis categorizes households by 30%, 50%, 80%, and 80% + of the area medianin come. Corresponding figures from the censustract data enable us to compare the range of household in comes by censustract of the general population and residents of public housing within those tracts. This characterization he lpst o informour strategies for tenant admissions to achieve a balance of income levels.

Forthepurposesofourdeconcentrationplan, we have defined 30% of the median income and below as extremely low income, 31 -50% of the area median income as very low income, and 50 -80% of the median area income as low income. As is common nationally, most of our public housing developments are located in generally low to moderate -income neighborhoods. Yet, even within that context our residents are clearly the poores to fthe poor.

Afull98% of publichousing residents are in the 50% of median income or below categories. This is compared to 54% of the general population in the seneighborhoods who fall within the 50% of median income or below categories.

Oftheseve ncensustracts in which our developments are located, five tracts (representing 52% of our housing units) have concentrations in the general population at 25% or higher of households whose in comes fall within the 80%+of the median income category. Of the sefive tracts, two tracts have 80%+median income concentrations exceeding 40%. None (0%) of the public housing residents fall within the 80%+of median income category.

Itisclearthatourresidentpopulationisfarpoorer thanitsneighbors. Withoutany residentsintherelativelyhigherlowincomelevel (80%+ofmedianincome), we cannot attempt to replicate the same range of income levels as is present in the general community.

#### III. Development-BasedMarketingIncentives

This process will continue to be employed as one of the strategies to achieve the appropriate range of income levels and rent -paying ability on a site -specific basis.

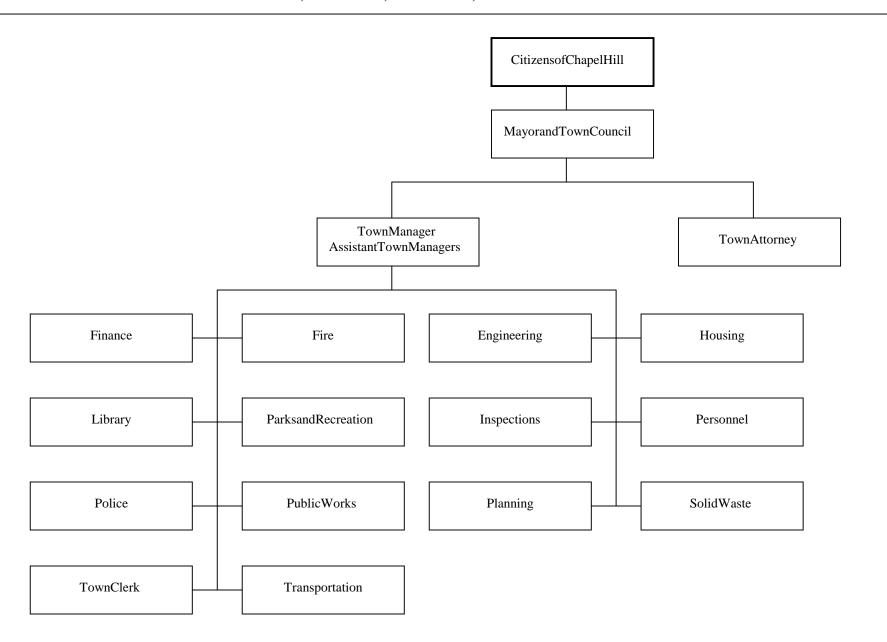

Ournewincentivesarelinkedprimarilytohousingdevelopmentswithconcentrations of the extremely low income that are inconsistent with the income range in our public housing community-at-large. They are designed in particular to encourage prospective tenants who are in the very low and low income categories to occupy sites that have traditionally been harder to market to the segroups. The goal is that these sites over time will achieve the desired balance.

The following incentives will be employed as needed on a development -specific basis.
